

# Binomial Distribution

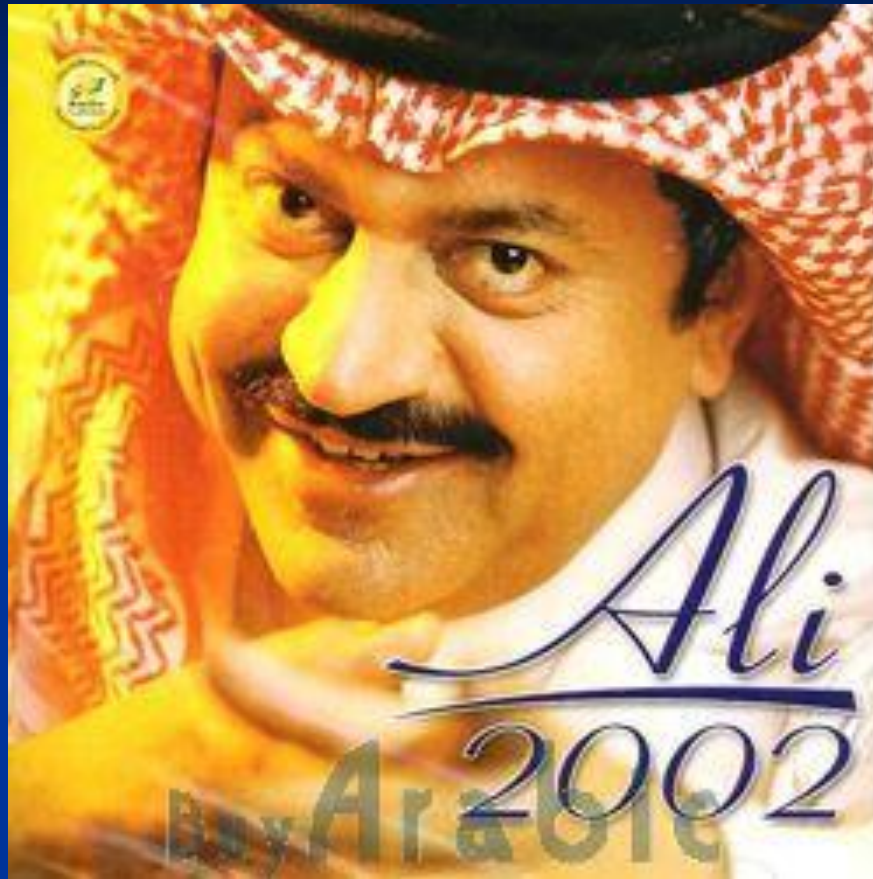

## Activity

- Write down the numbers 1 to 7
- As a photo is shown, write down what you think the name of the person is.

# Mark your work:

- 1: Rashid Al Majid (Emirati singer)
- 2: David Beckham(English footballer)
- 3: Adel Imam(Egyptian Comedian)
- 4: Ali Abdusattar (Qatari singer)
- 5: Jamal Suleiman (Syrian actor)
- 6: Raphael Nadal(world tennis number 1)
- 7: Nasser Al Attiyah(Olympic marksman and rally driver)

- Write down how many you got correct.
- Collect class results.
- Copy the table below to record the class results.
- Then calculate the experimental probability of success for the number of correct guesses.

Number correct	0	1	2	3	4	5	6	7
Frequency								
Experimental probability
